Sophisticated and Functional Media  
Wall Designs for Modern Hotel Rooms

# Media Wall Design Example 1

- This media wall features a clean, dove white finish for a contemporary, minimalist look. Ideal for brightening up hotel rooms, this design incorporates open shelving and a floating dressing table for an airy aesthetic that complements modern interiors.

# Media Wall Design Example 2

- With a warm, dusted oak wood finish, this media wall brings a touch of natural elegance to hotel rooms. The design includes ample storage with drawers and shelves, along with a built-in dressing table, perfect for upscale or boutique hotel settings.

# Media Wall Design Example 3

- This media wall in walnut wood finish showcases a rich, luxurious tone, creating a cozy ambiance. Its integrated shelves and sleek, floating dressing table make it an excellent fit for hotels looking to provide a blend of sophistication and functionality.

*Media Wall*  
*Design Example 4*

- Featuring a dark wenge wood finish, this media wall exudes an upscale, elegant feel, ideal for high-end hotel rooms. The design includes storage drawers, open shelves, and a stylish dressing table with a modern edge.

8x7

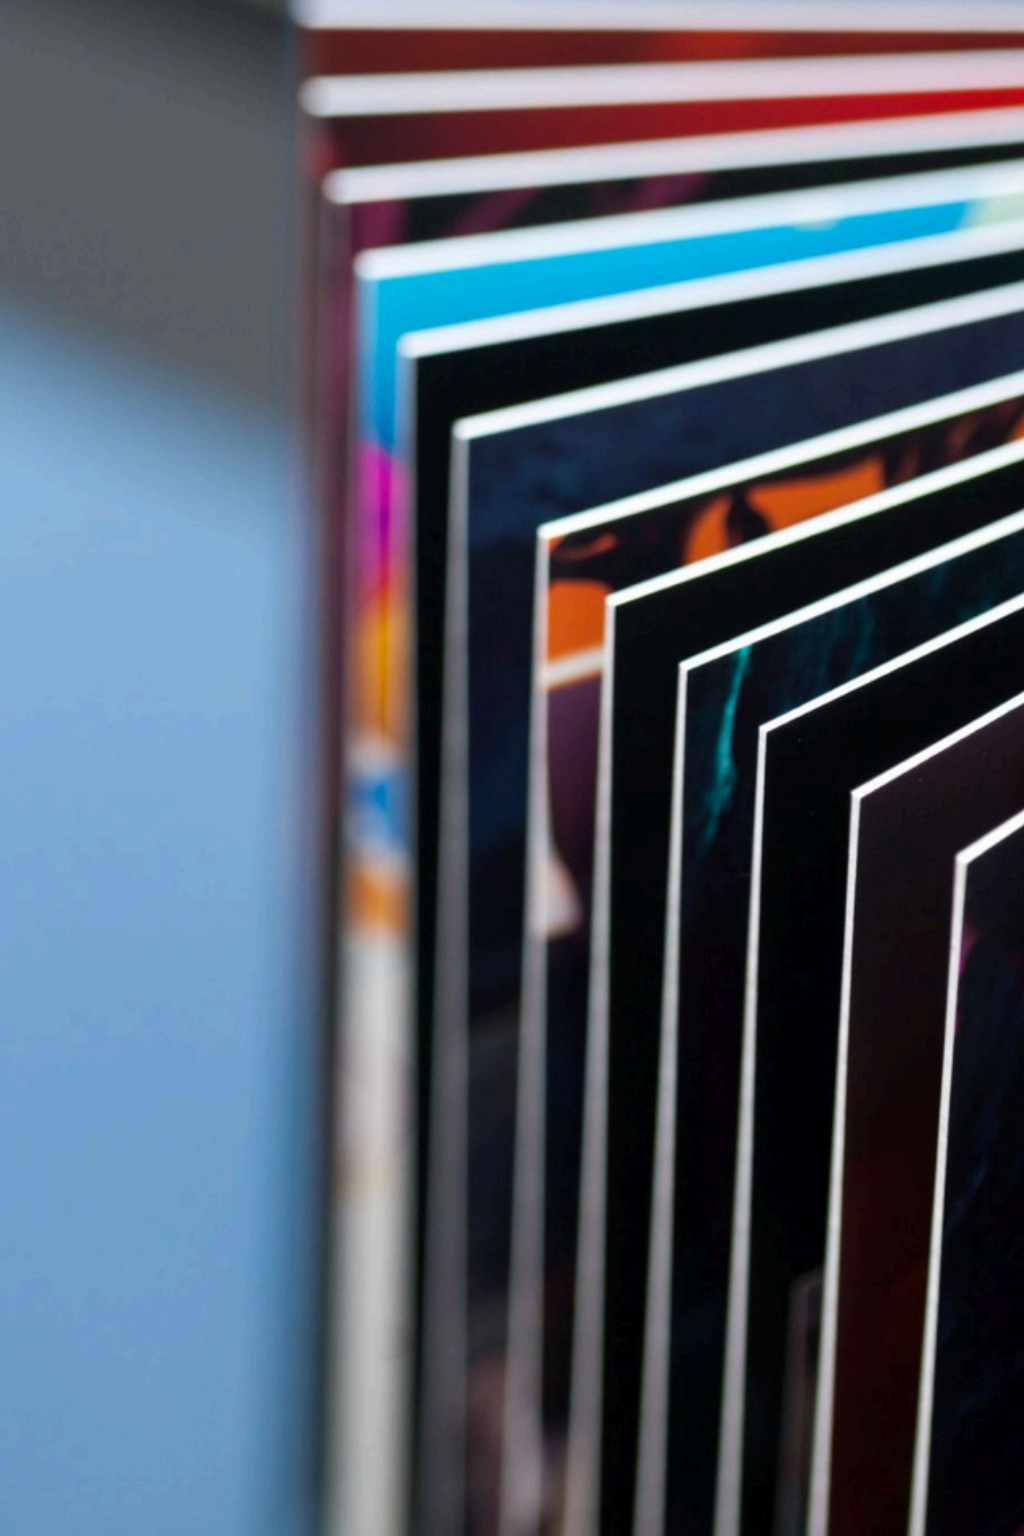

# Media Wall Design Example 5

- An example layout in an 8x7 meter hotel room showcasing the media wall in context. This arrangement includes a comfortable bed and bedside tables, showing how the media wall complements a well-designed hotel space.

# HOUSE OF HAMPSHIRE

# Media Wall Design Example 6

- This version shows a media wall with customizable branding for hotels. This feature can create a unique, branded experience for guests, enhancing the overall ambiance.
